

Dear Parents

Sports Report from Mrs Anderson

It has been another busy week of sporting events to mark the end of Term 5. On Thursday, we took our two netball teams to the U11s Lincolnshire County finals, held at Skegness Grammar School. Both teams had played well at the local event, and we were very excited to represent our area; we knew the opposition would be tough but went into the event with a positive attitude to enjoy ourselves and played some good netball.

As the day progressed, both teams found their stride and produced some outstanding netball, displaying some of the best attitude to competitive sports I have ever seen. The 'A' team drew their first match and then went on to win 2 and lose 2. One of matches that they lost was thrilling, losing only by 1 goal to St Andrews, who later came 3rd overall.

The 'B' team built on early losses to get a one all draw in their 3rd match and then used this positivity to win their next two with a tremendous growth in confidence throughout the team. The overall results were that the 'A' team came 7th and the 'B' team came 9th out of 12. Well done to all involved - it was an absolute pleasure to take these children out to represent the school and parents you should be very proud of them! Today, we have two teams taking part in a local Basketball festival run by Stamford College. The children will learn basic basketball skills and rules in the morning followed by some fun mini matches in the afternoon.

Next term looks busy with more external events and sports days are on the horizon too!

FREE - Ask Dan Anything for Parents 14th June 6:00-7:00pm

Over two thirds of students surveyed in the LSCP 2022 Keeping Safe online survey indicated that they access their devices once they have gone to bed, and that many parents and carers don't know anything about what they do online. The survey also showed when parents talked openly to their children about their activity online, those students were less likely to experience cyberbullying and more likely to access support. We want to give you the information and tools to help you feel confident enough to protect your children and young people from online harm. Dan Hawbrook our resident 'Online Guru' will chat you through different apps, online trends, parental controls and any other burning questions you may have! Please book via this link - [Ask Dan anything for Parents and Carers Tickets](#)

Atkinson's Announcements

Contact Details

There have been a few instances this term where we have been unable to contact parents in an emergency (e.g., sick child) on the telephone numbers we hold on record. Please can we ask that if you have changed your mobile/work number that you inform us via the relevant year group email address (available on the school website under contact).

Please also inform us if there has been a change of address.

New Fencing - Kingsley Avenue

Over the half term, the old fencing along Kingsley Avenue and the pedestrian alley will be replaced. We are still completing ground works around the new build so the gate on Kingsley Avenue will remain locked for the time being.

Road Safety - School Car Park

We have noticed an increase in adults and children walking through the school car park when dropping children off in the morning and collecting at the end of the day. Please ensure that you use the paths around the school and **never** walk underneath the car park barrier. The school car park is a VERY busy area and the last thing we want to see is an accident involving a child or an adult.
